

AIR SPRING

REPLACEMENT GUIDE
2022

KGA[®]

AUTO PARTS

KGA AIR SPRINGS MANUFACTURING UNIT:

ESTABLISHED IN 2007.

- Employee count: 150
- 400 different products in range.
- Capacity: 1.000.000 Air springs / annum

Dependable & Optimized supply chain:

To ensure longevity and competitiveness, we periodically review and optimize supply chains for efficiency, security and dependability as the world in large is going through a volatile period. We continuously expand our production capacity responding to market demand.

Manufacturing Excellence:

Our state of the art facility that relies heavily on latest technology, automated machines and systems to reduce human errors. We are committed to future-proof our establishment through use of technologies such as IoT.

Total Quality Management:

From incoming raw materials, till the air spring leaves our factory, stringent control points are set up at different stages along the production and product development cycles.
